

CONVENTION ASSISTANCE COMMITTEE REPORT

By the nature of this committee our basic work will be done at the convention site. Some members will arrive on Friday and assist on Friday and Saturday with setting up the registration office and stocking the hospitality suite. Of course we will also help with providing support for programs and events during the conference, including the fun run/walk, auction, and other events -and, of course, with keeping the hospitality suite going! We will have a virtual meeting around the end of June for our committee to meet and discuss our plans.

If anyone else would like to volunteer to help with this committee please feel free to email me at gchambon@courts.mi.gov.
